Hello Nashville WIPA Friends,

We were so glad to see so many of you join us at the National Museum of African American Music, where we heard Noelle Johnson speak on “Facilitating Difficult Conversations; Building a Diverse Network & Fostering Inclusivity.” It was a night of many great truths! I can personally say that the conversations I had after the event showed me and the board that this event and education were much needed and very well received.

We’re looking forward to seeing how our Nashville community continues to rise in this area. We have so many amazing things planned for our members this year – be sure to save the date for our next event at Juniper Green on June 10th!

See you soon! As always, I’m happy you’re here!

Shari
