ALL THINGS WEDDINGS

Hello WIPA,

This month, we've asked our colleague Donnell Bayot to share an update with us on our WIPA certification program. We're thrilled to have this in development with our friends at The International School of Hospitality and look forward to sharing more soon.

For now, here's Donnell:

The development of the competency study for wedding professionals is well underway. This is the precursor for the creation of the certification. A literature review was completed at the end of last year. In the first quarter, very detailed expert surveys were randomly sent out to members of WIPA that possess specific expertise in the wedding industry. Based on the data, initial domains were identified that led to the development of the first survey.

The first survey went out to a broader population of professionals. We are currently finishing analyzing and coding the data. Survey two will go out shortly to the general membership and the WIPA wedding professional contact list. This second survey will further refine the data into the identification of final competencies. Lastly, a final survey will be sent out for verification.

Be on the lookout for survey two! Thank you for your continued support.

Research Inquiries: Donnell G. Bayot, Ph.D., CHE, CPCE, CFBE dbayot@tisoh.com (702) 947-7200

That's right- WIPA is heading to the <u>NACE Experience</u>. We'll be sharing more soon but in the meantime, all WIPA members will receive \$50 off the all inclusive package by using the code WIPA50 when registering!

WIPA would like to welcome & thank our newest members for joining and supporting our organization as we continue to expand across the nation! Please be sure to reach out and welcome these new members.

Las Vegas Chapter

Everyone seemed to really enjoy our fabulous brunch out at Reflection Bay Golf Club which is located out in Lake Las Vegas earlier this month. Guests were greeted with mimosas and Bloody Mary's as they mingled on the patio. While guests where on the patio soaking in the fabulous view they were able to enjoy a singing guitarist to fill the space with pleasing tunes. Once the guests were ushered into the main room they where instantly overwhelmed with the colors and textures of our spring greenery inspired setting. Our speaker Christina Millikin had everyone equally inspired with her "Embrace Technology and let it help your business GROW!" topic. Brunch was delightful with the many different options and unique tastes to go along with the day. Nobody left hungry! Our DJ also had everyone equally pleased with the fun familiar tunes to sway to while you where ordering your omelet. Our fun take away from this event was that all our quests were encouraged to further enjoy their seeded programs and menu cards at home. That's right, wild flowers and carrots.
